

Comprehensive Safety Review (CSR)

For about \$1,500... Peace of mind that you are in compliance and employees are protected!

1. **Review of Written Safety Plan** for compliance. A comprehensive assessment based on compliance with Cal/OSHA & OSHA regulations, and a comparison to like-industries using AM Best Hazards Rating and industry best practices.
2. **Onsite Evaluation** and walk-through of your facility (Mock Cal/OSHA – OSHA Inspection). A comprehensive assessment of operations based on Cal/OSHA, OSHA, and industry best practices.
3. **Recommendations** for improvement and compliance (real world regulatory and best practices recommendations).

**Is it time for
your company's
Comprehensive
Safety Review**
